

**To directors
of industrial enterprises of Russia**

*On the presentation of the economic potential of the
Russian Federation enterprises at the industrial
exhibition "EXPO-RUSSIA IRAN 2024" in Tehran (IRI)*

Dear Director!

We invite the delegation of your enterprise and you personally to take part in the Second Russian-Iranian International Industrial Exhibition "EXPO-RUSSIA IRAN 2024" and Tehran Business Forum in the capital of the Islamic Republic of Iran, which will take place in Iran from October 21 to October 23, 2024, dedicated to the anniversary of the entry into force of the "Treaty on the Fundamentals of Relations and Principles of Cooperation between Russia and Iran". The decision to organize the next stage of the exhibition was made on the basis of the successful and productive holding of the first exhibition in October last year. The events will take place from October 21 to October 23, 2024 at the "Tehran Milad Tower International Convention Center" in the capital of Iran.

The organizer on the Russian side is "Zarubezh-Expo" JSC, co-organizers on the Iranian side are Iranian Research Organization for Science and Technology (IROST) and International Science and Technology Park of the Islamic Republic of Iran, on whose territory part of the business program will take place. Our organization was subordinated to Ministry of Science, Research and Technology of Iran in 1980 by decision of the Revolutionary Council. IROST is engaged in the development of strategies, R&D systems, management, forecasting and assessment, development of science and technology for economic progress. IROST has made great strides in providing alternative energy sources, namely solar energy, biodiesel from microalgae and bioethanol from agricultural waste. IROST has made progress in the medical, pharmaceutical, chemical and space industries.

The upcoming exhibition is multidisciplinary; innovative developments in IT technologies, energy, petrochemical and mining industries, construction, agriculture, aviation, railway and maritime transport, medicine and pharmacology will be presented. The motivation for implementing large-scale activities is the intensification of Russian-Iranian cooperation at all levels under conditions of increasing Western sanctions pressure. Round tables and an international conference "Development of economic cooperation in the context of a new Memorandum on creating a Free Trade Area (FTA) between Iran and the Eurasian Economic Union for the implementation of joint projects" are planned.

Your enterprise will be provided with all the necessary conditions for participation in the exhibition. Please contact the co-organizer from the Russian side, "Zarubezh-Expo" JSC, tel: +7 (495)721-3236, www.ExpoRF.ru, info@zarubezhexpo.ru.

Yours Faithfully,

Deputy Minister of Science, Research and Technology
President of the Iranian Research Organization for Science and
Technology (IROST)
